KEYSCAN'S 16 channel

K-DVR

Keyscan's K-DVR – Now Shipping

Keyscan's all-new, 16-channel K-DVR has an exceptional array of features and functions for outstanding CCTV monitoring and control. With its massive 1-terra-byte of storage capacity and its ultra-fast 480 PPS display rate, the K-DVR is in the elite category of digital video recorders. The K-DVR is ideal for worry-free integration with Keyscan access control and CCTV or in a standalone capacity. Includes a K-TV (MSRP \$500.00) license. Limitations apply. See in-box coupon for details.

Smart Gate – Now Shipping

Keyscan is now shipping the Smart Gate biometric/Mifare contactless smartcard reader. Powered by Cogent Systems technology, the Smart Gate offers the highest level of performance and accuracy in fingerprint biometrics. The Smart Gate provides dual authentication using card & fingerprint technology. The biometric information is stored on the card, not on the reader. Individuals are assured their biometric template never leaves their possession. Uses K-SECURE 1k & K-SECURE 4k Mifare smartcards for added card security & maximum system flexibility.

Search Gate – Now Shipping

Keyscan is now shipping the Search Gate biometric reader. Like the Smart Gate, the Search Gate is powered by Cogent Systems technology for the highest level of performance and accuracy in fingerprint biometrics. The Search Gate stores up to 1200 fingerprint templates with a search rate of 500 templates per second.

The Search Gate and the Smart Gate are compatible with Keyscan systems or other manufacturer's access control systems with a configurable Wiegand output of up to 128 bits. Both also have an onboard relay for stand-alone applications as well.

Contact Keyscan

If you would like more information about the K-DVR, Smart Gate or Search Gate readers, visit www.keyscan.ca or contact Keyscan sales or marketing at 1.888.539.7226 (toll free Canada/USA) or 905.430.7226.
